DARIO AMADE| FRONT END DEVELOPER

☎ 07542644694 ✉ dario_isd@outlook.com [PORTFOLIO] ● ◉ London

I am a frontend web developer, a passionate and motivated self-starter with a keen eye for detail looking at a design and developing web pages. I can convert it into a HTML, CSS template with Pixel perfect precision. I use external library very often, so the turn around of my projects is very quick, and I use GitHub to track my projects and files, as well to collaborate with other developers.

Currently I am learning JavaScript and work with complex CSS animations, advanced responsive design techniques, flexbox layouts, SASS, CSS architecture. Modern responsive design: fluid grids, layout types, flexible images, using media queries to test for different screen widths, pixel densities and touch capabilities. Advanced responsive design workflows: mobile-first vs desktop-first strategies, selecting breakpoints, em vs rem units and feature queries to test for browser support. I am Looking for a position where I can progress and challenge my skills.
